Installation:

Installing:

- To install: Slide your Galaxy S6 into the back cover of our battery case, then install the top frame from the bottom to the top.
- To uninstall: Gently pull the bottom frame up using your fingernail.

Notes:

- When your Galaxy S6 battery is completely drained, the charging icon will revert to its normal state.
- The battery case includes a USB cable to be used when charging your case.

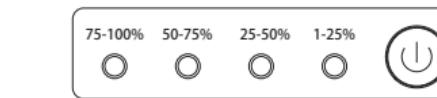

Charging your Battery Case and Galaxy S6:

- Connect your battery case (Galaxy S6 already installed) to the USB power cable.
- Connect the USB power cable to any USB power source (such as computer) to start charging.
- Charge until the LED indicators read full.

Charging your Galaxy S6 with Battery Case:

- Press the power button (approximately 3s) to start charging.
- Press the power button again (approximately 3s) to turn off the battery case when Galaxy S6 is fully charged, which can significantly save the capacity of built-in battery so as to charge the S6 next time.

LED indicators:

Package Contents:

- Power Pack

- User Manual

Warning:

- Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you ("Purchaser") and not the Manufacturer are responsible.
- Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, which may damage the user. Please note that the manufacturers are not responsible for any damages that may be caused due to improper use.
- Do not store battery case in high temperature environments such as intense sunlight heat.

▪ Be cautious of excessive drops, bumps, abrasions, or other impacts to this battery, if there any damage to the battery such as dents, punctures, tears, deforms or corrosion due to any cause, discontinue use. Contact manufacturer or dispose of it in an appropriate manner at your local battery-recycling center.

▪ Do not disassemble this battery case or attempt to re-purpose or modify it in any manner.

▪ Do not expose this battery case to moisture or submerge it in liquid. Keep battery dry all the time.

▪ Do not attempt to charge battery case using any method, apparatus, or connection other than the device's USB connector

▪ Do not attempt to replace any part of this battery.

▪ If the battery case is intended by Purchaser to be used by a minor, purchasing adult agrees to provide detailed instructions and warnings to any minor prior to use. Failure to do so is sole responsibility of purchaser, who agrees to indemnify manufacturer for any unintended use/misuse by minor.

▪ All battery cases have gone through a rigorous quality assurance inspection. If you find that your battery is excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstrating and abnormal phenomenon, immediately stop all battery use and contact Manufacturer.

▪ For extended storage, first charge your battery case for one hour.

▪ Never dispose of battery case in the garbage. Disposal of batteries in the garbage is unlawful under state and federal environment laws and regulations. Always take used batteries to your battery-recycling center.
